THE PIANO OF HOAR

Created in 2019 by founders Mary and Nicole, The Collection by Salvesen Graham is inspired by an eclectic range of influences, from the elegance of Georgian England to the vibrancy of 18th century Indian textiles.

Showcasing timeless design motifs re-imagined with a contemporary twist, The Collection features upholstered furniture and textiles in a range of kaleidoscopic colours and prints.

Crafted to add charm and character to any space, the range embodies the playful and quintessentially British style that Salvesen Graham is known for. Designed to work together or on their own with existing pieces, each piece is created to become a future classic that will last, and be loved, for years to come.

SS26 Collection

The SS26 collection is designed to work in harmony - allowing pattern, scale, and texture to be layered with confidence and brings together a richly layered suite of patterns, all rooted in 18th-century European archival design and reinterpreted through the studio's distinctly English lens.

The palette remains deliberately close to its archival origins - muted, sophisticated, and designed to age beautifully - allowing them to settle naturally into a space over time.

Together, the materials offer both visual richness and practical versatility, suitable for everything from drapery and upholstery to lampshades and accessories.

The Genevieve

Genevieve is the hero design, encapsulating the Salvesen Graham aesthetic. An organically repeating floral motif inspired by a 19th-century French archival fashion pattern, the scale of which naturally lends itself to larger pieces of upholstery such as headboards, sofas or ottoman.

The Florals

Featuring a complementary palette of pinks, greens and blues, our Floral Fabrics take inspiration from an archive textile design; originally hand painted in France c1810-1820 for a fashion textile. Mary and Nicole wanted to create a floral fabric that was rooted in history but felt contemporary, due to the choice of colour and large scale.
